

CITY OF VALENZUELA

Public Consultation Office & AI Feedback Brief

Official Record & PHMS Integration Brief

Reference Number: CONSULT-000005

Date Created: August 6, 2026, 2:04 PM

CREATED BY: Mr. Jojo

CONSULTATION DETAILS

Topic: Plastic Ban Enforcement

Category: Environment & Sanitation

DESCRIPTION

Plastic bags are one of the biggest contributors to clogged drainage and flooding in Valenzuela, especially during the rainy season. They also pollute rivers like the Tullahan, harming fish and affecting communities nearby. By reducing single-use plastics, the city can improve waste management, lessen flooding risks, and promote a cleaner environment.

MERGED PHMS & CITIZEN FEEDBACK ANALYSIS
