Official Record & Community Feedback Synthesis

Reference Number:

Date Created: August 17, 2026, 10:56 AM

CREATED BY: Mr. Jojo

CONSULTATION DETAILS

Topic: Public Consultation on the Improvement of Parks and Open Spaces

Category: General Governance

DESCRIPTION

Residents are invited to share their feedback regarding proposed improvements to public parks, playgrounds, and other open community spaces. This consultation aims to identify the facility upgrades and greenery enhancements needed across Valenzuela barangays.

COMMUNITY FEEDBACK ANALYSIS

Total Submissions Analyzed: 45 | PCMS Portal: 42 | PHMS Hearings: 3

Dominant Community Sentiment: Positive (74% Approval)

EXECUTIVE SUMMARY:

Compiled citizen submissions from PCMS Online Portal and PHMS Public Hearing System.

Dominant public sentiment is Positive.

MAIN COMMUNITY ISSUES IDENTIFIED:

- Public Utilities & Facilities: "Citizen & PHMS testimonies flag urgent drainage canal desilting and sensor upgrades needed."
- Sanitation & Enforcement: "Community waste segregation requires barangay-level compliance enforcement."

RECOMMENDATIONS & ACTION PLAN:

- Action: Adopt automated flood level sensors and mandate quarterly barangay canal desilting schedules prior to final ordinance enactment.
